Iconic sound. All round.

A statement in sound and sight. Beosound A9 makes every musical moment rich, detailed and immersive – all from a seamless circular shape that blends in beautifully or stands out confidently.

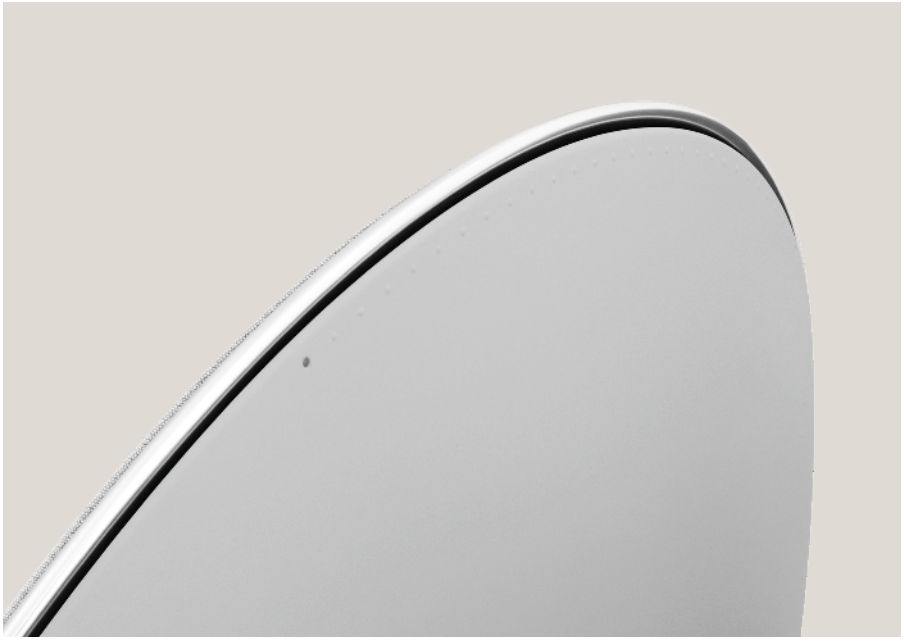

Crafted from premium anodised aluminium, fabric and real oak, it's a timeless work of art that can be customised to match your space and taste.

When it's time to dial up the volume, simply slide your finger gently across the top surface – and with a simple tap you can skip to the next or previous track and play/pause your music.

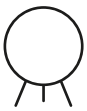

Important features

- Room-filling sound
- Customisable beauty
- Slide and tap control

Key selling points

RICH ROOM-FILLING SOUND
A9 fills any space with powerful, potent sound. Whether placed proudly in the centre of a large room or tucked neatly away in a corner, audio quality is automatically optimised with the help of Active Room Compensation – meaning you always hear the details just as the artist intended.

CUSTOMISABLE BEAUTY
Whatever your interior style, A9 can blend in beautifully or stand out confidently. But one size doesn't have to fit all: choose from a range of tactile covers designed by the world-leading textile company Kvadrat, plus a series of real wood legs with natural detail.

SLIDE AND TAP CONTROL
When it's time to dial up the volume, simply slide your finger gently across the top surface. With a simple tap you can skip to the next or previous track and play/pause your music.
No buttons necessary.

PART OF CONNECTED SPEAKERS
Add A9 to any connected speaker set up and experience immersive music throughout your home. Play the same song everywhere or different songs in different rooms – you are in control.
